Description

Location: Dubai, UAE
Start Date: 1 March 2027 (subject to visa approval)

The Opportunity

An international oil and gas business is seeking an experienced Chief Financial Officer (CFO) to join its senior leadership team, based in its Dubai office.

This is an important appointment for the organisation, offering the successful candidate the opportunity to take responsibility for the financial management and strategic direction of the business, supporting its continued international operations and future growth.

The company is looking for a commercially minded finance leader with a strong background in the oil and gas sector, ideally gained within an international business environment.

The Role

Reporting to the CEO and working closely with the senior management team, the CFO will have overall responsibility for the financial strategy, financial control and reporting of the business.

Responsibilities

- Leading the company's global finance function and overseeing financial operations.
- Developing and implementing financial strategy in support of the company's commercial objectives.
- Managing budgeting, forecasting, cash flow and financial planning.
- Providing accurate and timely financial reporting, management accounts and analysis.
- Overseeing financial controls, governance, risk management and compliance.
- Managing banking relationships, treasury operations and funding requirements.
- Supporting commercial decision-making, contract negotiations and major business investments.
- Monitoring project profitability, operational costs and financial performance across the business.
- Ensuring appropriate financial controls across international operations and subsidiaries.
- Leading, developing and managing the finance team.
- Working closely with the CEO and board on business performance, strategic planning and future opportunities.
